

THE AILEY SCHOOL
Junior Division
Re-enrollment 2017-2018

Dear Ailey School Junior Division Parents,

Traditionally our re-enrollment period for returning students has started in July. For years, parents have expressed a need to have class schedules for the upcoming academic year prior to the start of summer. Like last year, we are continuing to accommodate your longstanding request. We are planning the Junior Division 2017-2018 class schedule now and require a solid sense of your plans for next year before **March 17, 2017**.

We truly value our returning families. While responses indicated on the form below **will not** secure your child's space in Junior Division next year, the information will help us plan accordingly. Please return a hard copy of this completed form to the 2nd floor receptionist before **March 17, 2017**.

You will receive more information in late April. This will outline when you can expect to receive class schedules, placement and payment information as well as when the open registration period will take place. Thank you in advance for your cooperation.

Please note: In order to purchase tickets for year-end performances, we must have this form on file. Please submit your response to the 2nd floor receptionist no later than March 17, 2017.

Thank you,
Tiffany Barnes
Junior Division Director
